Chair of Governors : Mr Remie Antao

Learning our faith, Living our faith, Loving our faith

12th November 2026

Dear Parents / Carers

Next week we are excited to celebrate Maths Week England, with this year's theme, *'Maths on the Move'*. Throughout the week, children will participate in a range of engaging and interactive activities designed to develop their mathematical curiosity, problem-solving skills and appreciation of how mathematics is used in everyday life.

As part of our celebrations, all children will take part in the 'Maths Around the World' workshop. This exciting experience will encourage children to explore mathematics from a global perspective, applying their mathematical knowledge and reasoning skills through creative and practical challenges.

We will also be participating in the annual Times Tables Rock Stars (TTRS) England Rocks competition, where our pupils will compete against schools from across England! The competition will run from Wednesday 18th to Friday 20th November, between 8:00am and 6:00pm each day. Children can participate for a maximum of 30 minutes per day, and we encourage everyone to get involved and earn as many points as possible for their class. The children achieving the highest overall score in their class will receive a special reward!

To conclude our celebrations, **Friday 20th November 2026** will be our whole-school TTRS Day! This will be a free Rockstar themed mufti day and the children are encouraged to dress as a rockstar. Children will enjoy a day dedicated to celebrating times tables, with our top-performing pupils from each Key Stage 2 class going head-to-head in an exciting final battle to be crowned our school's Ultimate Times Tables Rock Star!

Please note that children in Yr4M must come to school in their full school uniform for their class assembly. They should bring in their mufti day clothes in with them to change into after this.

We look forward to a fantastic week filled with mathematical challenges, friendly competition and opportunities for children to develop their confidence and enthusiasm for maths!

Yours sincerely

Mrs N Duggan
Headteacher
