

Geography

Place Knowledge: European region- Poland

Can you compare a region in Poland to a region in the United Kingdom (London and Warsaw)?

- Human and physical geography of Poland: Warsaw
- To be able to locate Poland and the capital city on a world map and find out about its features.
- To be able to use digital mapping to describe and locate Polish tourist attractions and landmarks
- Compare and contrast London and Warsaw.

Physical Geography: Biomes and Vegetation

What is the importance of having a rainforest?

- Locating the rainforests in the world
- Discover the indigenous rainforest tribes and compare their lives with life in modern society.
- Explore how the rainforests are under threat and the actions that we can take to help save them.

Science

Rocks, Fossils and Soils (Chemistry)

Enquiry question: How can rocks be identified and grouped based on their properties?

Comparing and grouping together different kinds of rocks on the basis of their appearance and simple physical properties.

Describing how fossils are formed when things that have lived are trapped within rocks.

Recognising that soils are made from rocks and organic matter.

Light (Physics)

Darkness, Sunlight and Reflection
Shadows
